

KORG AW-2G Clip-on Tuner Colour Variations

The highly-popular Korg AW-2G Clip-on Tuner is now available in a Limited Edition of eight special and vibrant colours!

Since its introduction in 2009, the AW-2G clip-on tuner for guitar and bass has become a standard item. In addition to the existing black and white, the AW-2G is now available in a limited edition of vivid colours. Eight colours are available: violet, indigo, blue, green, yellow, orange, red, and pink. The bright and lively finishes will add a touch of colour to your stage or studio persona, and can complement your décor when practicing at home.

Highlights:

- Select either the internal mic or the piezo sensor for optimum response
- Clip design is optimized for a wide range of headstocks – including tapered models
- Double ball-joint allows multi-angle positioning with far greater mobility for the display section.
- Internal backlight ensures excellent visibility even on a dimly lit stage
- Energy-saving Auto mode switches to the low-power Soft mode when no sound is present
- Meter Reverse function allows proper viewing in front of or behind the headstock
- Wide 410 Hz to 480 Hz Calibration range can be set in 1 Hz increments
- Auto Power Off function maximizes the battery life, even if you forget to turn the tuner off.

Price: £32.34 RRP inc VAT
