

KORG AW-2WH / AW-2GWH CLIP-ON TUNER

Introducing the new white versions of the AW-2 tuners, the AW-2WH / AW-2GWH, the definitive clip-type tuners that fit any instrument and guarantee ideal tuning.

- Clip-on chromatic tuners that attach directly to a wind instrument or string instrument for cable-free tuning.
- AW-2WH includes two clips (large and small) to accommodate a variety of orchestral instruments.
- AW-2G WH comes with a clip that's optimized for attaching to a guitar headstock.
- Double ball-joint allows multi-angle positioning with far greater mobility for the display section.
- Internal backlight ensures excellent visibility even on a dimly lit stage.
- Energy-saving Auto mode automatically switches to the low-power Soft mode when no sound is present
- Korg's proprietary clip design safely fits a variety of instruments.
- Select either the internal mic or the piezo sensor for optimum response.
- Markings indicate pure major third and minor third intervals for beautiful, authentic consonance.
- Meter Reverse function allows intuitive tuning from any viewing angle
- Calibration function accommodates a variety of concert pitches.
- Auto Power Off function maximizes the battery life, even if you forget to turn the tuner off.
- Memory Backup function.
